**Paddock Clean up:** It was brought to our attention by Simraceway that after our last race we left the pits in a real mess. We would like to ask all our drivers and team members to please leave your pits as you found them. This includes and not limited to tarps and tires. If you put a tarp down to cover your pit spot, please remove it and take it with you. We have also been informed that Simraceway will start charging ROK Sonoma for tires that are being left behind. These fees, in turn, come out of Banquet Awards funds. So, we ask that you, please take your used tires with you as well. We appreciate everyone's support with this matter.

**Series Points:** For all classes' best 5 out of 8 races to be counted toward the class

championship, i.e., one throwaway is allowed. **Race 8 cannot be dropped.** The points schedule is available in the 2018 Supplemental rules.

**Minor Release Forms:** Due to insurance requirements, any minor (under 18) that is a spectator or driver at our track must have a Minor Release Form on file at the track. A new form must be filled out every calendar year. If you are bringing a minor Driver or Spectator with you that is not your child (a grandchild, friend of your child, niece/nephew, etc.) the child's parent needs to come to the track with you, or in advance to sign the release or you can download the Minor Release form on [www.sanzarukarting.com](http://www.sanzarukarting.com) website, print it in color and have the Parent sign it in front of a Notary. We require an original signature on the Minor Release form. Please don't forget the minor's age.

**New for 2018** All helmets used **must be** full coverage (full face), with the face-shield installed, and designed for competitive motorsports use complying at: **Snell SA or M 2010, Snell SAIK or M 2010 or later. **Paddock Parking** - Just a reminder that on Friday, and Saturday, please do not park in the coned off areas in the paddock area. These coned off areas are reserved for racers with trailers or those just working out of their trucks. The back-parking area is available for parking of non-race vehicles including motor homes. Parking on the downhill slope area of the north paddock access road is also available. If you were given the same parking spot for the last two races that is now your assigned spot for the year. You can reserve your spot by contacting Paula at [paula@cameronkarting.com](mailto:paula@cameronkarting.com).

**Supplemental rules** are posted on the Sanzaru Karting website <http://www.sanzarukarting.com/resources.html>.

**No scooters, bikes, skateboards, etc.** -A reminder that scooters, bikes, roller blades, skateboards, etc. are not allowed to be ridden by anyone under 18 at the track starting Friday through Sunday evening. This includes the time after practice ends on Friday and Saturday. It is just too unsafe for our youngest drivers and another guest to ride these toys at the Sonoma Raceway facility when trucks and cars are driving in and out of the Paddock area all weekend. Paula McCallister will be monitoring this situation and taking riding toys away from those that wish to ignore this safety rule. It is best to leave all fun toys at home to not tempt those under 18 from riding them at the track.
